Calcitonin gene-related peptide (CGRP)-Directed Treatments for Migraine: What Pharmacists Should Know

Samantha Otto-Meyer, PharmD

PGY-1 Community Pharmacy Resident
University of Illinois at Chicago

Learning Objectives:

At the completion of this activity, the participant will be able to:

- Explain the mechanisms of action of calcitonin gene-related peptide (CGRP)-directed treatments for migraine
- Discuss the published safety and efficacy data for erenumab
- Identify factors impacting erenumab's current place in therapy

Overview of Pain Management in Rheumatoid Arthritis

Thao (Lily) Hoang, PharmD

PGY-1 Community Pharmacy Resident
University of Illinois at Chicago

Learning Objectives:

At the completion of this activity, the participant will be able to:

- Review pathophysiology of pain in rheumatoid arthritis (RA)
- Discuss the goal of individualized targeted pain management in RA
- Explain current non-pharmacologic and pharmacologic treatments for pain management in RA based on new goals of rheumatic pain management

Disclosure: The speakers, planning committee members, and reviewers who contributed to this activity have no actual or potential conflicts of interest to disclose.

Registration & Fees: There is no charge for attending this activity.

5:00 pm - 5:30 pm

Dinner

(boxed dinners
will be provided)

5:30 pm - 6:30 pm

Calcitonin gene-related peptide
(CGRP)-Directed Treatments
for Migraine:

What Pharmacists Should Know

UAN#0016-0000-18-034-L01-P

1.0 contact hour

6:30 pm - 7:30 pm

Overview of Pain Management
in Rheumatoid Arthritis

UAN#0016-0000-18-039-L01-P

1.0 contact hour

Target Audience:
Pharmacists

The University of Illinois at Chicago College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. Attendees have the opportunity to earn a total of 2.0 contact hours (0.2 CEUs) for the entire knowledge-based seminar. Attendance at the entire knowledge based activity, completion of the evaluation, and submission of NABP eProfile ID and MMDD are prerequisites for receiving continuing pharmacy education credit(s). All ACPE credit awarded to participants must be uploaded to CPE Monitor™ within 30 days of the activity date, so pharmacists are required to provide their e-Profile ID and date of birth (MMDD) at the time of the activity. Please contact aquarl2@uic.edu if you do not see activity information listed within 30 days. For more information and to set up your e-Profile visit: www.MyCPEmonitor.net.
